

SPRAY HEADS and NOZZLES

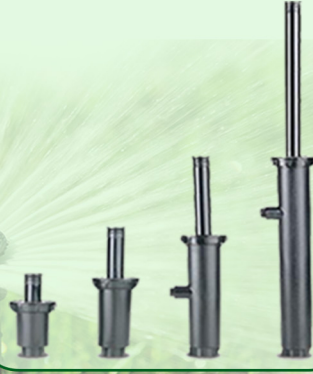

UNI-Spray Series Spray Heads

- Small exposed cover makes the unit virtually invisible for more attractive landscapes.

1800 Series Spray Heads

- Designed for use with all Rain Bird spray head nozzles including Rotary, R-VAN, U-Series, MPR, HE-VAN, VAN, and SQ Series nozzles.

R-VAN Series Rotary Nozzles

- Matched precipitation across radius, arcs and pattern types
- Low precipitation rate reduces run-off and erosion
- Able to adjust arc and radius without tools.

HE-VAN High-Efficiency Variable Arc Nozzles

- Combines the water savings of a high-efficiency spray nozzle with the convenience of a variable arc.
- Even coverage allows shorten run times by up to 35%
- Low trajectory spray and large water droplets offer greater wind resistance, saving water.

ROTORS

3500 Series Rotors

- With six Rain Curtain™ Nozzles (nozzle tree) for superior performance.

5000 / 5000+ Series Rotors

- Slip clutch left edge finder
- Self flushing port
- Standard and Low angle nozzles

Falcon 6504 Series Rotors

- Easy arc adjustment (part-circle model) through top of rotor from 40° to 360°

8005 Series Rotors

- Vandal resistance
- Brass reinforced turret for increased side impact durability
- Non strippable gear drive

VALVES AND VALVE BOXES

DV / DVF Series Valves

- Double-filtered (diaphragm & solenoid) pilot-flow design.
- Buna-N, balanced pressure diaphragm with self-cleaning pilot water filter and captive spring.
- Energy-efficient, low-power encapsulated solenoid with captured plunger and solenoid filter.

PGA Series Valves

- Water-tight seal between the body and bonnet for maximum confidence.
- Robust construction and electrical design for quiet performance.
- Rugged PVC and glass-filled nylon construction.

PEB / PESB Series Valves

- Durable glass-filled nylon construction with fabric-reinforced rubber diaphragm.
- Globe configuration.
- Normally closed, forward flow design.

Quick-Coupling Valves

- One-piece body design (models 3-RC, 5-RC, and 7)
- Strong corrosion-resistant stainless steel spring prevents leakage.
- Thermoplastic cover for durability.

VB Series Valve Boxes

- Knock-outs built into all four sides.
- Corrugated sides for greater strength before and after knock-outs are removed.
- Bolt-hole knock-out – keeps critters out when bolt is not used.
- Shovel access slot for easy removal of lid.
- Knock-out retainers hold removed knock-outs in place during backfill.

ESP-Me Series Controllers

- With 4 to 22 station scalability (modular).
- Recommended for residential and light commercial sites.
- WIFI Connectivity capable by adding the Rain Bird LNK WiFi module.
- Can be fitted with Rain Bird Rain Sensor but Rain Sensor by-pass per station can be programmed.
- User-friendly design, extra simple programming.
- Delay watering capable up to 14 days.
- Total run time calculator by program.
- Electrical short & programming error notification.
- One-touch watering.
- 3 years warranty.

ESP-RZXe Series Controllers

- With indoor or outdoor installation models
- Zone based set up that is easier to understand by untrained users.
- Fixed 4, 6 and 8 zone models are available.
- Provides flexible scheduling features.
- Non-volatile (100 years) program memory.
- Programmable under battery power.

Tools and Accessories

RSD Series Rain Shut Off

- Automatically shuts off the sprinkler system when it rains
- Easily connects to most irrigation system controllers
- Offers flexible, multiple rainfall settings which are quick and easy to adjust with a twist of the dial.

TSJ & TSJ-PRS Series Swing Joints

- Connects 3/4" (1,9 cm) and 1" (2,5 cm) sprinklers or quick coupler valves
- Allows easy adjustment of head to grade to prevent heads or pipes from breaking when run over by equipment.

SA Series Swing Assemblies

- Connects 3/4" (1,9 cm) and 1" (2,5 cm) sprinklers or quick coupler valves
- Low-cost, reliable, and flexible connection prevents heads or pipes from breaking when run over by equipment
- Allows easy adjustment of the heads to grade

Drip Irrigation

**Control Zone Kits,
Filters, Valves and
Pressure Regulators**

**Drippers, Emitters &
Low Volume Microsprays**

**Drip Tubing,
Fittings, Stakes &
Distribution Components**

**Dripline &
Inline Emitter Tubing**

Note: All data subject to alteration without notice.
